1. Install Microsoft Authenticator on your Smartphone

You will need your Smartphone

If you have not already installed Microsoft Authenticator on your smartphone, open the Company Hub or App store (iphone) / Play Store (Android), search for "Microsoft Authenticator" and install the application on your smartphone. It should take no more than a few minutes.

Authenticator is available within the Apple App Store and the Android Play Store

Authenticator is available within the Company Hub

2 Enroll MS Authenticator for Azure services

You will need your computer

Note! The following steps needs to be performed in an InPrivate or incognito window. You can open an incognito window by opening a browser (Edge/Google Chrome) and pressing CTRL + SHIFT + N, or by pressing the three dots in the top right and choosing "New InPrivate window":

	New tab	Ctrl+T	D	×
	New window	Ctrl+N		
Ŀ	New InPrivate window	Ctrl+Shift+N		>

In your InPrivate/Incognito window on your web browser, enter the following URL: https://aka.ms/setupmfa

- 1. Login using your Equinor e-mail address. Your Azure information page will be displayed.
- 2. Select Security Info > Add Method > Choose Authenticator App > Click Add

3. A pop up screen will appear, just click next until you see the window where it ask to scan the QR code.

Keep the QR Code visible on your laptop and proceed to your smartphone.

You will need your Smartphone

On your smartphone, start the Microsoft Authenticator application.

1. If this is the first time you add an account to Authenticator, select "Add Account"

2. If you already have an account within Authenticator, Select the (+) icon at the top-right of your smartphone screen.

3. Select "Work or school" account > Scan QR code (The camera will activate)

2. Point your Smartphone at the QR Code displayed on your computer.

3. VERIFY THAT AUTHENTICATOR IS WORKING CORRECTLY

Once you have competed the previous step - you should receive an "Authenticator Notification" on your smartphone asking you to "approve" a sign-in to your Equinor Account.

Simply approve this request.
