

Purchases from Governments and State-Owned Enterprises for the year 2022

As a strong supporter of transparency, Equinor is disclosing aggregate first purchases from Governments and State-Owned Enterprises or appointed third party of these. The disclosure is done in accordance with reporting guidelines developed and maintained by the Extractive Industries Transparency Initiative (EITI) and can be found here: [Reporting guidelines for companies buying oil, gas and minerals from governments | EITI](#)

During 2022 no companies in the Equinor group bought crude oil, oil products, LNG, natural gas or other products which fall under the disclosure guidelines.
