Equinor ASA will hold the annual general meeting on 14 May 2024 at 15:00 CEST with personal and digital attendance. Voting will only be possible electronically via Lumi AGM on smartphone, tablet or pc.

Digital participation via Lumi AGM will give the shareholders the possibility to cast votes on each agenda item, submit questions as well as follow the live webcast which includes simultaneous translation into English.

No pre-registration is needed for digital attendance. However, shareholders must be logged on before the meeting starts. We therefore encourage shareholders to log on in due time, it will be possible to log on one hour before the annual general meeting starts.
